We are proud to be recognized by the NCQA as a Patient-Centered Medical Home

Our goal is to promote healthy living and work collaboratively with our patients

We are committed to our patients

The Patient-Centered Medical Home Model

Team Based Care: Where communication and coordination lead to better care

Patient Centered Access: Patients can easily access our patient portal and send a secure message.

Care Coordination: We actively manage referrals and labs

Knowing and Managing Patients: Our staff is available via phone and electronic messaging

Performance Measurement and Quality Improvement: Our clinicians work hard to bring quality initiatives to our practice so we can better serve our patients and improve patient outcomes.

Where Patients Are At The Center Of Care

Your Trusted NCQA Recognized

General Information About Our Practice

Office Hours

Monday- Friday: 9:00-5:00

Saturday & Sunday: Closed

By Phone

For urgent care issues during work hours, your primary care provide will see you on the day you have an urgent health care need. Call the main office to schedule a same day appointment.

Non-emergency calls and calls to schedule appointments should wait until 9:00 a.m. when the daytime staff is in the office.

Emergency calls from established patients are answered by the on-call provider between 5:00 p.m. and 9:00 a.m.

Phones are answered from 9:00am to 5:00pm Monday through Friday with lunch from 12:00-1:00pm, excluding major holidays

For urgent matters that cannot wait until we re-open, patients are advised to report to the nearest emergency room.

By Internet
